
INSTRUCTIONS FOR INSTALLATION AND USE

BEFORE YOU BEGIN

1. Maximum weight limit is 850 pounds.
2. Read and follow all instructions before use. Do not use if product is damaged or unstable.
3. Not intended for commercial use.

FITTING THE RUBBER CARGO WEDGE

The EZ-ACCESS Rubber Cargo Wedge can be easily trimmed to accommodate lower heights and narrower widths and notched to suit the desired configuration using a reciprocating saw, razor knife, or hand saw.

1. Measure height, width, and length of area to be fitted with the Rubber Cargo Wedge.
NOTE: It is recommended that you create a cardboard template of the area before cutting.
2. Place template on top of Rubber Cargo Wedge and mark areas as shown in DIAGRAM 1.
3. Using a reciprocating saw, razor knife, or hand saw, trim as needed (DIAGRAM 2).

⚠ WARNING: Use caution when operating any non-manual saw as serious injury may result due to unexpected binding or pinching of rubber wedge material. Always follow tool manufacturer's safety guidelines.

4. Place Rubber Cargo Wedge in recessed area of vehicle as shown in DIAGRAM 3.
